

# WCS Electronic Monitoring Services

*Available Throughout the State of Wisconsin*

Wisconsin Community Services, Inc. (WCS) is a premier authorized provider for SCRAM (Secure Continuous Remote Alcohol Monitoring). WCS Electronic Monitoring Services are provided in multiple counties and provides the following devices.

## **SCRAM Continuous Alcohol Monitoring®:**

The SCRAM Continuous Alcohol Monitoring® system is the world's most widely used and trusted 24/7 transdermal alcohol testing system. This system is for high-risk, hardcore, DUI and alcohol offenders.

### **Features:**

- Independently tested, court-validated
- 24/7 customer support
- Dynamic, flexible training
- AMS data analysis of every alert
- TAC readings correlate to BAC readings with a 0.02 confirmation threshold

### **Benefits:**

- 99.4% compliance
- National network of service providers
- Conclusively distinguishes between alcohol consumption and environmental alcohol sources
- Single-source admissibility
- Flexible data management
- Continuous testing means no drinking around test schedules

## **SCRAM GPS®:**

A one-piece GPS that combines location monitoring accuracy and two-way communication with an industry-leading strap design that virtually eliminates false alerts. GPS solutions are offered on all cellular networks to provide comprehensive location monitoring options.

### **Features:**

- Slim one-piece design
- 40+ hours of battery life
- Reliable GPS and A-GPS location technology
- Extreme temperature, shock, and impact resistance
- Waterproof and strap is cut-free

### **Benefits:**

- Reliable tamper technology substantially reduces false alerts
- Track and communicate with clients 24/7
- An integrated component of the SCRAM Systems suite of products
- Customizable inclusion/exclusion zones allow for tailoring supervision
- Easily compare location data for a single client or all clients

## **SCRAM Remote Breath®:**

The first and only handheld, wireless, portable breath alcohol device with automated facial recognition and GPS. This system is for clients who have earned less intensive testing and monitoring.

### **Features:**

- Automated Facial Intelligence (AFI)
- Device-initiated testing
- Stores up to 48,000 test results
- GPS location with taken and missed tests
- DOT-approved Dräger® fuel cell
- Optional reminders and notifications to client's cell phone
- Random, scheduled, and on-demand testing

### **Benefits:**

- Immediate notification of both BrAC and positive client ID
- On-board, automated testing prompts ensure clients always know when it is time to test
- Stores test results when out of cell coverage and forwards them when service is reacquired
- GPS locations provide more supervision data
- Flexible testing schedules
- Portable, easy to carry, easy to use
- SCRAM Systems industry-leading Product Training and 24/7 Customer Support
